INVESTMENT OVERVIEW · 2026

CONFIDENTIAL

THE OPPORTUNITY

Europe is the world's biggest stage for sports tourism

\$928B

Global sports tourism market
size, 2026

38%

Share of that market held by Europe
— the largest region on earth

\$85B

Youth football tourism segment
worldwide by 2033

THE OPPORTUNITY

Youth football is Europe's largest untapped travel category

25,000+

Youth football clubs across Europe running tournaments and camps

2,000+

International youth tournaments held across the continent every year

3M+

Young athletes and families travelling to compete each year

THE PROBLEM

Finding the right tournament is still a phone call, a PDF and a leap of faith

No single place to search

Coaches and parents scan Facebook groups, WhatsApp chats and scattered club websites — one country at a time.

Booking takes weeks

Confirming dates, pricing, meals and accommodation means dozens of emails with organizers who reply when they can.

Zero price transparency

Every club prices differently, with no comparison, no reviews and no guarantee of what is actually included.

THE GAP

**Booking.com solved this for hotels in 2006.
No one has solved it for football — yet.**

Millions of families search for the right tournament every season. None of them can compare, book and pay in one place.

THE SOLUTION

One search platform for every tournament in Europe

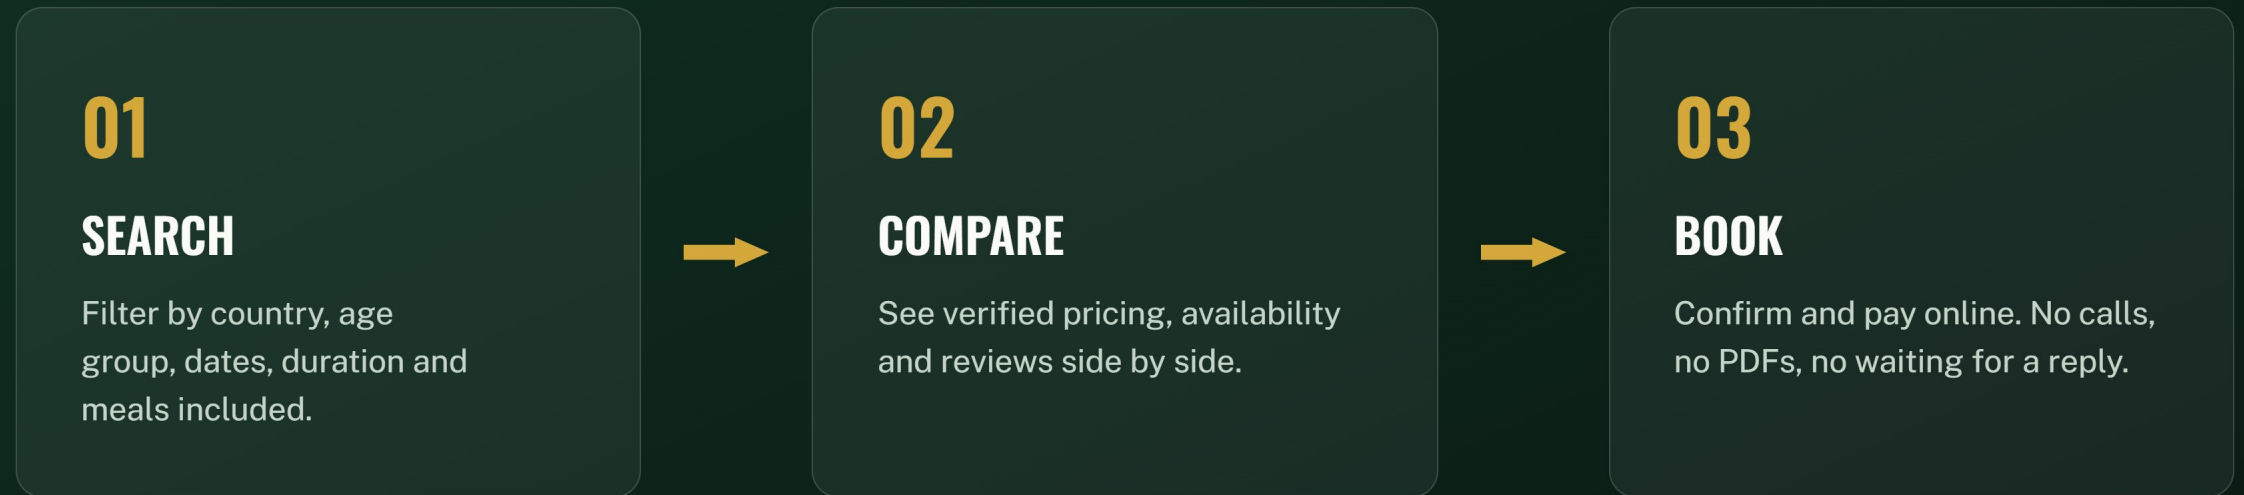

- ✓ Live availability across every country from day one
- 🛡️ Verified organizers only — every listing checked
- ★ Transparent, all-in pricing — no hidden fees
- ⚡ Book and pay online in minutes, not weeks

HOW IT WORKS

From search to sideline in three steps

THE PLATFORM

Built for every side of the marketplace

Parents & coaches

Search, compare and book tournaments and camps for their teams in minutes.

Clubs & organizers

List tournaments, manage capacity and reach families across borders.

Academies & campuses

Fill training camps and campuses with a ready-to-book audience.

Three revenue lines, one platform

01

In-platform advertising

Clubs and academies pay for placement, banners and promoted listings.

02

Travel & hospitality

Commission on flights, buses, hotels, catering and other services around every tournament.

03

Booking commission

A transaction fee on every tournament and camp booked through the platform.

REVENUE LINE 01

Clubs pay to be seen — the way hotels pay Booking.com for placement

- ★ Featured placement at the top of search results
- 📊 Promoted banners on tournament and camp pages
- 🌐 Sponsored placement by country, age group or season
- 🎓 Academies pay to promote camps to a ready-to-book audience

Every club, camp and academy on the platform is a paying media customer — not just a free listing.

Every tournament creates a trip — we monetize the whole journey

Flights

Commission on airline and travel-agent bookings to the host city.

Coaches & buses

Partnered ground transport moving teams from door to pitch.

Hotels & stays

Partnered accommodation near every tournament venue.

Catering

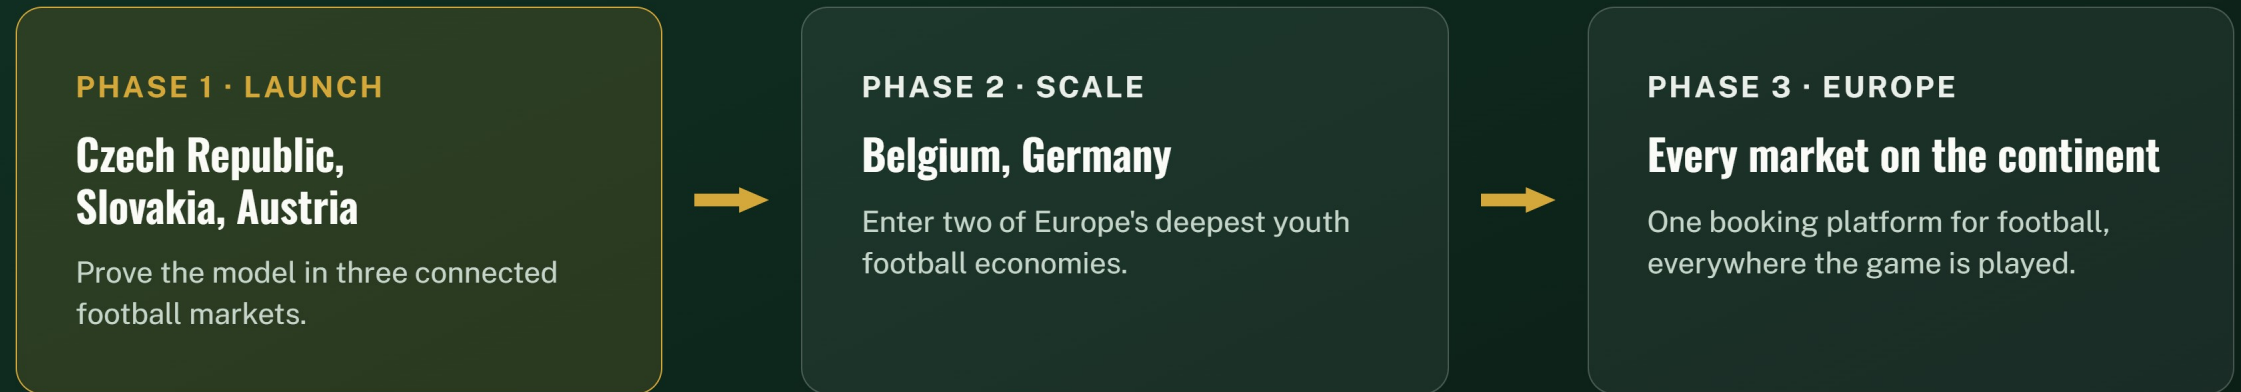

Bulk team meals and catering for the length of the stay.

A single tournament booking pulls a family into flights, transfers, a hotel and daily meals — all inside our funnel.

THE ROADMAP

From three countries to the whole continent

The football calendar never stops. Neither will we.
